

Sport Premium Funding for 2021 – 2022

We recognise the contribution of PE to the health and well-being of the children. We believe that an innovative, varied PE curriculum and extra-curricular opportunities have a positive influence on the concentration, attitude and academic achievement of all our children.

Investing in physical activity for our children is a vital step in encouraging them to lead a healthy lifestyle for their future. Our vision is to provide active opportunities for our children and furthermore include all in healthy competition. We aim to deliver a programme of activities to improve agility, balance, coordination and most importantly the knowledge of the benefits of regular and sustained physical activity throughout life.

Our Sports Premium Funding will enable us to continue and extend our provision through employing additional sports professionals, entering more into competitive sports, competitions and training our staff to deliver high quality PE sessions.

Project	Objective	Cost	Intended outcome	Actual Outcome July 2022
P.E. resources for KS2	Develop, renew and expand quality resources for use in and outside curriculum hours.	£5,000	Equal opportunities for all children to take part using high quality and differentiated resources. To have a range of better equipment for teaching PE – specifically for ball games and small equipment	Resources ordered for next academic year.
School Sports Partnership (Bronze level)	Network of support for P.E. leader and training for staff. Specialist coaching. To allow our children to participate in festivals and healthy competitive sport beyond the school setting.	£2,200	Opportunities for children to increase participation in both festivals and competitions. Staff improve their subject knowledge working alongside specialists	CPD delivered to leader and staff
Swimming for KS2. Specialist swimming instructors employed.	Provide children with a lifesaving skill. Year 5 classes 6 weeks each	£1,500 estimate/£84 per session	Allow children to be able to save their life and to encourage a future healthy and active lifestyle. Increase in hours children learn to swim.	Both year 5 classes received lessons and assessment showed all children increased confidence in the water.

The PE Hub - scheme of work	To provide all teaching staff with access to interactive planning and lessons.	£380	All staff able to teach PE effectively irrelevant of expertise.	Scheme being used and observed by leader
Transport and participation fees for competitions	Providing places and opportunities for children to take part in outside of school competitions. Children to gain experience of competitive sport	£1,500	Opportunities for children to increase participation in both festivals and competitions. Identify talented and more able pupils. Encourage a future healthy and active lifestyle.	Private taxis used to transport children to venues. Competitions to take place next year, entry is confirmed.
Trained coaches to deliver after school clubs	Providing opportunities for children to experience a variety of sports and exercise in a structured, safe environment.	2,600	Equal opportunities for all children to take part using high quality and differentiated resources. Staff improve their subject knowledge working alongside specialists	Clubs taken place and allowed children to access high quality resources and teaching
Redo and refresh playground markings	Allow children and adults to use the outside space in cross-curricular learning and promote different games at playtimes	£8374	Ensure a wider variety of activities at break, lunch and after school.	Children are more active outside and markings are used in PE lessons.
Left over from last year		£7,273
